# Continental

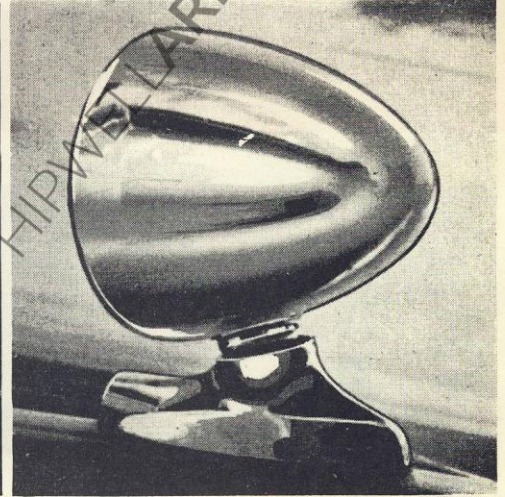

## SPEED MIRRORS

These Rear-view Mirrors are suitable for fitting to all types of Racing, Sports and Passenger Cars.

They are simple to fit and have the advantage of being suitable for fitting to Car Doors, Bonnets and double-panelled sections of the Car Body which normally prevent the use of the Normal Speed or Spring Back Mirrors.

MODEL R.S.M.7

MODEL R.S.M.8

### MIRRORS FOR STYLE AND SAFETY!

This range of Continental Styled Sports Mirrors can be fitted in a few moments yet nevertheless will be secured rock steady. They have movable Ball Joints which will give on impact (tested at speeds of up to 125 m.p.h.) without any deterioration of view.

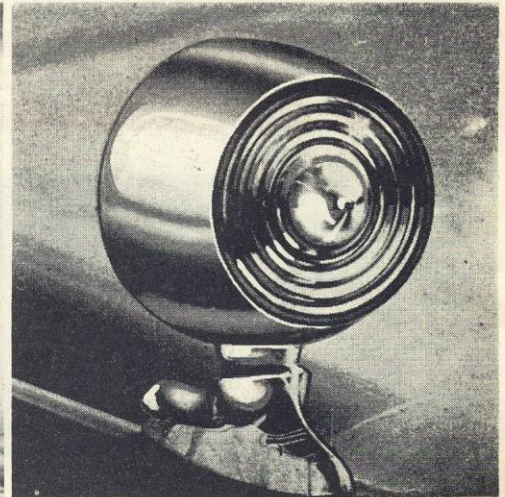

The four styles shown are for individual likes of the motorist.

Suggested Retail Price:

Flat Glass ... 27/6  
Convex Glass ... 30/-
